Scanguns Installation and Licensing
2.2 Scanguns System Requirements

You must have a Windows-based handheld running Windows CE 3.0 or higher in order to install the Liquid UI Handheld Scanguns client. The following Windows mobile operating systems are supported:

- PocketPC 2000
- PocketPC 2002
- Windows Mobile 2003
- Windows Mobile 2003 CE
- Windows Mobile 5
- Windows Mobile 6
- Windows Mobile 6.1
- Windows Mobile 6.5
- Windows Mobile 6.5.1
- Windows Mobile 6.5.3
- Windows Mobile 6.5.5
- Windows Embedded Handheld 6.5
- Windows Embedded Handheld 7

In addition to having one of the above operating system, you need the following to run the Liquid UI Handheld Scanguns client.

- A valid Liquid UI Handheld Scanguns license
- 600KB of free space on the device
- Network connectivity to connect to an SAP Application server or a Liquid UI Server

As previously introduced, you can customize the SAP screens if you are deploying a Liquid UI Server. The tools and requirements for customizing SAP screens and delivering them to the Mobile client are as follows.

- Liquid UI Server with valid license
- Liquid UI Designer with valid license
- Liquid UI Handheld Scanguns with valid license

Please see the Liquid UI Handheld Scanguns licensing for more detailed instructions on obtaining licenses.
