Android Usability
6.04 Controls

Liquid UI for Android contains several controls similar to SAP GUI. All crucial SAP GUI controls such as Calendar, Dropdown list, List views, Tree view, Table control, etc., are supported natively on mobile products, thus extending desktop efficiencies and capabilities to your Android devices. In this section, we will demonstrate the appearance and functioning of the following Liquid UI for Android controls.

- Calendar
- Dropdown lists / Comboboxes
- List views
- Message boxes
- Tree view
- Grid control
- Docking control
- Table control
