Bot Usage

5.1 Bot Examples

In this section, we'll explore the different use cases of the Liquid UI bot that uses the SharedMemory and dynamic switchto command.

- Utilization of SharedMemory and the autoexit variable to create an infinite loop for the SAP logon and logoff processes.
- Implementation of the dynamic switchto functionality.
- Employment of the bot to facilitate the creation of a new notification within SAP.
- Utilization of the bot to facilitate the uploading of data from an ODBC database into SAP
