Self Purchase Service

6.01 Self Purchase Service

Liquid UI’s Self Purchase service in the Liquid UI Access Management Portal (LAMP) is one of the available options for buying or renewing your licenses.

The **Buy Now** button in LAMP is a clickable button that starts the process of purchasing Liquid UI for Android and Liquid UI for iOS licenses. It enables organizations to directly purchase new licenses or renew existing licenses securely using PayPal or Credit/Debit cards.

With the Purchase service, you can easily track the status of the licenses bought from LAMP. It allows you to download the invoices and receipts whenever needed. In this section, the following topics will be covered.

- Renew subscription
- View subscription details
- Cancel subscription
